Desiray screamed in her loudest voice, "Everybody get out of here. It is hopeless."

Astonished and exhausted from running, Doni said, "I can't comprehend what is happening."

Unhappy, Kaitlin shrieked, "There are ants in the kitchen. Regardless of what you think, we need to abolish them."

Good sense predominated over Doni's urge to argue. In his softest voice, he replied, " You are just an alarmist."
