Paragraph to copy

"Be careful," stated A.P., "I believe that the inventor found abnormal readings from his experiment."

"I felt a tremor from the cage!" exclaimed Stefan, "I don't want to seem ungrateful, but I think we should talk to our administrator about the conditions in our lab."

The lab programmer, Lennon, walked to the cage and made a proposal.

"We should record our findings for historical reference and on a personal note, we should get out of here before something attacks us!"
