

Group 5 lesson 2

bio-life  
nym - name

syn - same  
graph - write

biography	acronym	photosynthesis	calligraphy
microbiology	antonym	syntax	photography
symbiosis	homonym	synchronized	seismograph
biosphere	pseudonym	synthetic	autograph
biodegradable	synonym	synagogue	bibliography

- 1) I read a biography about a woman who studied microbiology and was able invent biodegradable coffee cups.
- 2) Many people mix up synonym, antonym, and homonym.
- 3) Many authors use a pseudonym when they write books.
- 4) The synagogue is where many people pray.
- 5) The synthetic materials in my pants were made from many chemicals, but they feel like cotton.
- 6) If I was famous I would use calligraphy to autograph my photos.
- 7) Did you see the seismograph at Mission San Juan Batista?
