- 1) The player was unresponsive after she was hit in the head with a baseball, so she was taken to the doctor immediately.
- 2) The antigravity plane takes you up into the sky, then drops very quickly so you can experience what weightlessness would be like.
- 3) I used the telescope to see the rings on Saturn, which are very far away.
- 4) The telephone rang and I was able to speak to my father, who was about an hour away from home by car.
- 5) My favorite subject in school is geography because I love studying all about the Earth and what it's land is like.
- 6) Did you study for geology test today? I think it will be tough.
